

Bachelor of Paramedicine

Course code: HBPD

Course Requirements

For 2022 and 2023:

To attain HBPD Bachelor of Paramedicine, students will be required to complete:

- 288 credit points of Core studies.

From 2024:

To attain HBPD Bachelor of Paramedicine, students will be required to complete:

- 276 credit points of Core studies;
- 12 credit points of Electives.

Students are required to enrol in all units for semester 1 and 2, and are not permitted to enrol in more than 48 credit points per semester as a full-time load.

Credit Points

A credit point is used to measure the study load for a unit. A standard unit consists of 12 credit points, with each completed unit's credit points adding up to meet your required total of credit points to complete your course.

Placement

The Clinical Learning Office supports the collection and verification of Mandatory Documentation and Placement Allocation for this course via [VU WIL](#). Students requiring support with queries relating to this must contact the [Clinical Learning Office](#) for assistance.

Strict Sequence

Your course units must be completed in a strict order, which will be automatically set up for you in MyVU at the start of each year. It is crucial to follow this order when enrolling, as failing to do so may result in significant delays, potentially postponing your course completion by up to a year. If you face any challenges, such as a missing order in MyVU, unit failures, or other obstacles, it is essential to contact a [Course and Unit Advisor](#) to ensure your enrolment is properly adjusted.

Units by Year Level (Not Enrolment Order)

The following units are organised by the year in which you are expected to take them. **The specific order within each year will be determined by the sequence assigned to you in MyVU.** Be sure to follow that sequence when enrolling online to avoid delays in your course progression. If you have any questions or encounter issues with your sequence, contact a [Course and Unit Advisor](#) for assistance.

Prerequisites

A number of units within the degree have 'prerequisites'. These prerequisites must be met before enrolment in the unit is permitted. Generally these prerequisites require the successful completion of a unit or units taken at an earlier stage in the course. Students should pay particular attention to these prerequisite requirements as failure to meet these can seriously hinder progression through the course.
