COURSE REQUIREMENTS	To attain the award of Bachelor of Accounting, students will be required to complete 288 credit points consisting of: • 96 credit points of First Year Core studies • 96 credit points of Professional Core studies • 96 credit points made up of either: Option A: • 96 credit points of Major studies from the approved list OR Option B: • 48 credit points of Minor studies BMIFPS Finance and Professional Skills AND • 48 credit points of Minor studies from the approved list
FURTHER INFORMATION	Unit and course information is available from the University course search site at http://vu.edu.au/course-search or go to https://askvu.vu.edu.au or Phone VUHQ on 03 9919 6100
COURSE CHAIR	Nilusha Gallage
COURSE ADVICE	AskVU https://askvu.vu.edu.au/app/askcua

Note: Students are required to enrol in all units for semester 1 and 2, and are not permitted to enrol in more than 48 credit points per semester as a full-time load.

Core/Elective Core (a unit that must be completed) & Elective (you have some choice in what you select).

Prerequisites A number of units within the degree have 'prerequisites'. These prerequisites must be met before enrolment in the unit is permitted. Generally these prerequisites require the successful completion of a unit or units taken at an earlier stage in the course. Students should pay particular attention to these prerequisite requirements as failure to meet these can seriously hinder progression through the course.

Date of Publication: This information is current at the publication date: 29/08/2025. It is provided as information only and does not form part of a contract between any person and Victoria University.

This information is accurate as of September 12, 2025 and applies to students beginning during the specified intake period. It is provided for informational purposes only and does not constitute a contract between any individual and Victoria University. Students starting in a different intake or unable to follow the plan due to credit or other factors should consult their [Course and Unit Advisor](#) for enrolment assistance.

MAJORS

Business Analytics BMABUA

Analytical thinking is a part of decision making in business. Spreadsheets and business software have supported business decision making, but due to the complexity of the business and the availability of large data sets, business analytics has emerged as a field to identify patterns and metrics to assist business decisions and draw better conclusions.

You will learn complex concepts, skills and application of conceptual and technical knowledge for a career in:

- data project management
- data management
- data analysis and visualisation
- data insight analysis

The major in Business Analytics will cover key areas such as:

- data structures and modelling
- automated transactions and decision making using machine learning
- predictions using data
- data visualisation
- data project management

You'll also learn to develop and deliver a business data analysis project. You will graduate with contemporary knowledge and skills of data analytics and an understanding of how to apply these skills in the context of data analytics.

UNIT CODE	UNIT TITLE	UNIT TYPE	SEM	CREDIT POINTS	CAMPUS	PRE-REQUISITES
