Structured Workplace Learning

The Victorian Curriculum and Assessment Authority (VCAA) has determined that Structured Workplace Learning (SWL) is a valuable component of all VDSS qualifications undertaken.

To complete all components of this introductory course, students will be required to complete 30 hours of Structured Workplace Learning in the first year (six hours per day) undertaken over one week in the Term 3 holidays. Practical placement requires a Working with Children Check (WWCC), National Police Check and a Health Status Check.

Further information regarding SWL is available at:

<https://www.vcaa.vic.edu.au/curriculum/vet/swl-vet/Pages/Index.aspx>

Secondary schools are required to organise the Structured Workplace Learning.
