# Complaint resolution

Victoria University provides for the fair and prompt handling of **student complaints** in a manner that is consistent with the University's values. Our process encourages students to be independent and effective problem solvers.

## Before lodging a complaint

Try to resolve the concern yourself before lodging a complaint using the three step process.

### 1. Identify your concern and a possible solution:

We encourage students to try and resolve concerns at the local level, if reasonable to do so, before making a complaint through the Integrity Office.

### 2. Seek assistance:

As a student, you have access to free and confidential support services to assist you with your concern.

- ◆ **ASKVU** — find answers to general questions, or ask a question
- ◆ **Counselling and Accessibility Service**
- ◆ **Student Support and Advocacy**
- ◆ **Learning Hub**

### 3. Initiate action:

Liaise with the relevant area. You may wish to seek assistance from your VU Site Coordinator.

## Student complaint process

When a student has an issue or complaint, there are three key internal processes that may be employed to resolve the matter.

### 1. Local level, self-managed resolution:

Staff and students are expected to try and resolve most problems at the local level. Students are encouraged to identify their issues and, if possible, think of some solutions. Once a student has identified the issues and thought about solutions, either by themselves or in conjunction with a support service or person, they are encouraged to speak directly with the staff member or student responsible for the particular issue.

### 2. University-managed resolution:

When an issue cannot be resolved at the local level, the student may lodge a complaint in writing via the Integrity Office. When making a complaint to the Integrity Office, students should:

- a. identify the relevant breach in University policy and procedure and a lack of consideration of relevant facts (and where practicable provide evidence/supporting documents) and describe the reasons for making such a complaint
- b. detail local level attempts or reasons for bypassing the local level resolution process — students should explain why they have referred the matter to the Integrity Office. For example: bypass of a local level resolution may include serious matters such as harassment, discrimination, etc
- c. propose the outcome sought — students should be aware that not all University-managed complaints will result in the specific outcome they seek.

### 3. Appeal:

If a student who considers that the outcome of the University-managed complaint is not consistent with the prescribed grounds of the Student Appeals Regulations, they may lodge an appeal through the University's Appeal process, provided they meet the prescribed grounds and lodge the appeal application within the prescribed period.

## Lodging a complaint

If you are unable to resolve your issue after using the three step process you can:

- ◆ **lodge a complaint online**
- ◆ email [integrity.office@vu.edu.au](mailto:integrity.office@vu.edu.au)

When you lodge a complaint online, please provide your contact details, including your VU student email.

# Course information

## Units of study

A unit guide will be provided at the beginning of the teaching period for each unit you study. The unit guide will detail the learning outcomes, unit content, teaching and learning strategies, grade sets, graduate capabilities and assessment requirements.

## Assessment

You will be required to complete various assessment tasks for each unit of study. Assessment tasks may include exams, quizzes, practical exercises, assignments and presentation projects.

VU is responsible for moderating all assessed tasks to maintain academic standards across all our locations within Australia and overseas. Results will be published after your assessment is moderated.

You are entitled to feedback about your performance in any assessment task. This information is vital to helping you improve your performance throughout the course.

Find out more about how assessments work in **VU's Block Model**.

## Academic progress

VU is committed to ensuring that all students have the best opportunity to succeed in their studies, so we have policies and procedures to monitor students' academic progress. These mechanisms are designed to give students the support they need to make satisfactory progress in their studies and identify students making unsatisfactory progress.

A student will be identified as making unsatisfactory progress if, while enrolled in one course of study, they:

- ◆ fail the same unit more than three times
- ◆ fail 2 or more units in their current course attempt.

The table on the following page shows progress levels and the equivalent required actions to help a student maintain satisfactory progression through their studies.

Category	Trigger	Outcome/notification to student
Level 1	Student fails two or three units in a course attempt	Invitation to meet with Partner Program Manager to discuss and agree on an Academic Action Plan.
Level 2	Student fails four or five units in a course attempt	Invitation to meet with Partner Program Manager to discuss and agree on an Academic Action Plan.
Level 3 Unit Failure	Student fails the same unit three and/or four times in a course attempt	The student must attend a Show Cause Hearing to explain their circumstances. Students may be excluded from the course.
Level 3	Student fails six to nine units in a course attempt	The student must attend a Show Cause Hearing to explain their circumstances. Students may be excluded from the

## Academic integrity

Academic integrity and honesty are integral to maintaining the academic standards and reputation of VU and its graduates. VU is committed to upholding high standards of academic integrity in all teaching and assessment environments, including online.

- ◆ Plagiarism and failures of correct acknowledgement practice;
- ◆ Contract cheating or requesting or paying for another person to prepare an assessable piece of work;
